Counting money animation

2

Counting money

Anika's budget

Anika has £10 to purchase items such as seeds or tools, to help Anika grow tomatoes, potatoes and carrots in her school garden.

Count the money in front of you to check that you also have £10.

£10

Counting money

- How can you add up to £8 using the paper money?
- Which coins add up to £1.50?
- If your shopping cost £4 and you gave the shopkeeper the £5 note, how much money would you get back as change? Which coin or coins could they give you?

Counting money

- How can you add up to £7.25 using the paper money and coins?
- Which coins can you use to add up to £1.75?
- If your shopping cost £3.50 and you gave the shopkeeper the £5 note, would you get any change back? If yes, which coins would they give you?
- If you buy three items that cost £1.50, £2.50, and £1.20, what would the total cost be?

Budgeting

A budget is a plan calculating how much money we have, how much we can spend on different things, and how much we can save for later.

Needs and wants

What is the difference between needs and wants?

7

Needs and wants

Needs

These are items that are essential to achieving what you are planning to do, and without them you would not be able to reach your goal.

Wants

These are items that you would like to have but are not necessary.
