

Planning how to spend money worksheet

Nia's birthday

Nia has £50 to spend during the summer holidays. She has thought about some different items she would like to spend her money on. Pick five things you think Nia could buy with her money.

| | | | | | | | | |
|--|----------------------|-----|--|---------------|-----|--|---------------------|-----|
|  | Cinema ticket | £10 |  | Trainers | £40 |  | Second hand bicycle | £50 |
|  | T-shirt | £10 |  | Lunch at work | £10 |  | Designer T-shirt | £50 |
|  | Book | £7 |  | Toy | £5 |  | Arcade game | £5 |
|  | Monthly phone credit | £7 |  | Football | £10 |  | Bus fare | £3 |

Making a budget

Add your five items and the cost for each. Calculate the total Nia will have spent and work out what is left over from the £50.

| Item | Cost |
|-------------------|------|
| | |
| | |
| | |
| | |
| | |
| | |
| Total | |
| Remaining balance | |
