

Planning how to spend money

Age range: 7-11

 **BARCLAYS** | LifeSkills

Nia's birthday

Nia is 16 years old. She has a Saturday job where she travels to work by bus. She has saved up £50 and is thinking about some of the things she would like to spend her money on. Pick five things that Nia should spend her money on.

	Cinema ticket	£10		Trainers	£40		Second hand bicycle	£50
	T-shirt	£10		Lunch at work	£10		Designer T-shirt	£50
	Book	£7		Toy	£5		Arcade game	£5
	Monthly phone credit	£7		Football	£10		Bus fare	£3

Making a budget

Add your five items and the cost for each. Calculate the total Nia will have spent and work out what is left over from the £50.
